CORPORATE
Snakes and Ladders

PLAIN ENGLISH

Organizer guide

Short notes for a safe, simple game.

Keep it a close group game | Check the law | Running the game | Gifts | Your players' data | Payment

Keep it a close group game

- Invite people you know: colleagues, families, customers, partners.
- Never ask for a fee, a purchase or a donation to take part.
- Taking part must be voluntary.
- Players are 18 or older.

Check the law

- Some countries and states restrict games with gifts. You must check yours.
- In the United States, promotions with gifts above a certain value may need registration. Check your state.
- In India, gifts above INR 10,000 may carry tax deducted at source. Check with your tax adviser.
- You are responsible for tax on the gifts you give.

Running the game

- Share one link in Slack, Teams, Zoom chat, e-mail or WhatsApp.
- Pick the length of a turn: 15, 20, 25 or 30 seconds. The default is 20.
- Show the big-screen page on a projector or in a shared video call.

Gifts

- You provide the gifts and hand them over. No real-money stake by players. No cash prizes. No betting.
- Corporate Snakes and Ladders is software only. We never hold or pay prize money.
- Winners confirm their details on their own phone. Tick “Prize given” in your console.

Your players’ data

- Tell your players what you do with their details.
- Nicknames and mobile numbers are deleted within 24 hours after the game. Your report link works for 22 hours, so open it before then.
- To delete earlier, use your console.

Payment

- Build and publish for free. The game does not begin until it is paid for.
- All payments are taken only by IT Services by Rajat Agarwal, through Razorpay.
- You can pay at any time until the guest data is erased. A late payment starts the game 2 minutes after it is confirmed.
- To cancel, tap Cancel this game in your console.
- We do not give refunds. If you cancel a paid game before it starts, your payment stays as credit for your next game for 365 days. Unused credit lapses at the end of day 365.
- Once the start time has passed, a paid game cannot be cancelled.
- Want another game like this one? Tap Create a new game like this one. Your credit is offered first on the Pay step.

Someone to set it up for you

- A Help Desk person can prepare a game in your account. You allow them first, and you can stop them at any time.
- They can create and change the game. They cannot publish, pay, see your sign-in keys or close your account.
- When it is ready they ask you to publish. You get an e-mail with a summary and publish with one tap.
- After you publish, they become a Host of that game. They do not use one of your 5 Host places.
- Find a helper, or become one: Help Desk.
